

AirStation™ Nfiniti Draft-N Wireless Notebook Adapter

- Designed to draft IEEE 802.11n standard 1.0 specifications
- Broadcom Intensi-fi™ draft 802.11n chipset
- Greater bandwidth for High-Speed Multimedia Streaming, VoIP or Online Gaming
- Supports both 20MHz and 40MHz channel bonding, contributing to speeds of near 300Mbps and enhanced wireless range compared to g-standard
- Backward compatible with 802.11g and 802.11b
- Easy Setup with AirStation One-Touch Secure System™ (AOSS™)
- Fits any Laptop PC with 32-bit CardBus interface
- Supports WPA-PSK (AES) and 128/64-bit WEP Security
- For best performance, use with Buffalo Nfiniti wireless router

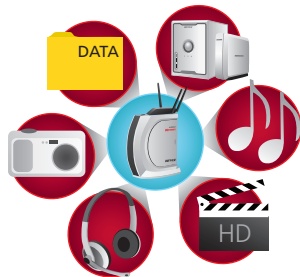

AirStation™
WLI-CB-G300N

Ultimate Range & Speed for Wireless Home Networking!

Buffalo Nfiniti Draft-N Wireless Notebook Adapter is designed to stream High-Definition (HD) video, voice and music. With faster wireless data rates and more coverage than legacy 802.11 products, Buffalo Nfiniti Wireless solutions provide sufficient bandwidth, range and reliability to deliver multimedia files to any room in your home. Exceed wireless limits and enjoy the freedom of high-speed media streaming!

Designed to Stream:

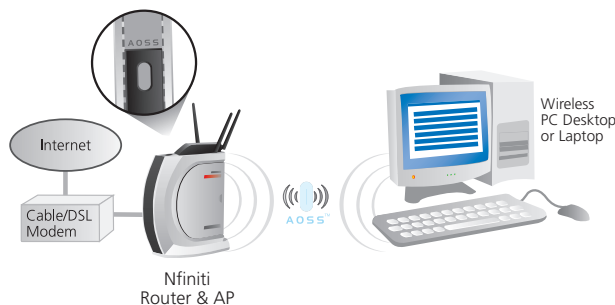

- HD Video
- Movies
- Photos
- Music
- Voice Calls (VoIP)
- Data

AOSS™ – One Click. One Touch. Done.

- (1) Click on the AOSS icon in the Client Manager screen.
- (2) Press the AOSS button on the router.

Done! A secure wireless connection is automatically established between the router and the card.

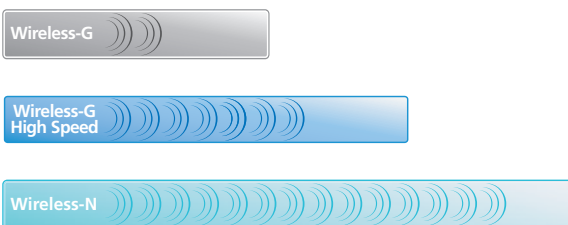

Wireless-N Offers Wireless Connections up to 12x Faster than Standard 802.11g!*

* With Nfiniti, speed is greatly increased and the speed advantage at distance is especially evident. When both ends of the wireless link are Nfiniti, the router can increase the throughput by using twice as much radio band, yielding speeds up to 12x as fast and up to 4x the range of standard Wireless-G.

Wireless-N Offers the Fastest Wireless Throughput at Improved Range – Great for High-Speed Media Streaming!

Speed and Range

AirStation™ Nfiniti Draft-N Wireless Notebook Adapter

Technical Specifications

Wireless LAN Interface

Standard Compliance	Draft 802.11n, IEEE802.11b, IEEE802.11g
Frequency Range	2.412 - 2.462 GHz (Channels 1-11)
Access Mode	Infrastructure mode, Ad-hoc Mode
Modulation Technique	OFDM, DSSS
Security	WPA-PSK (AES), 128/64-bit WEP,
Interface	32-bit CardBus

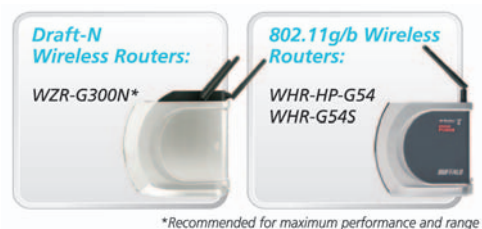

Other

Dimensions	54 x 10 x 123 mm
Weight	50 g
Operating Environment	0-55°C, 20-80% (non-condensing)
OS Support	Windows® 2000, Windows® XP

Package Contents

Nfiniti Notebook Adapter, Quick Setup Guide, Setup CD-ROM, Warranty Statement
