

Sector 120-2.4GHz Data Sheet

MultiPolarized High Gain Directional Antenna

Model No:
08-ANT-0867

Product Overview

The MultiPolarized **Sector 120-2.4** offered by MP Antenna is constructed of UV stabilized polymers and high grade aluminum for extremely long service life in the most demanding conditions. With a 120° directional pattern it provides exceptional 10dBi high gain effective power and is ideal for indoor and outdoor deployments where a sectorized approach is required to accommodate clients in a variety of points. Weighing only 10 oz the **Sector 120-2.4** can easily be mast or wall mounted with available mounting hardware. MultiPolarized antenna technology provides unequalled wireless communication in “Real World” obstructed non-line-of-sight (NLOS) environments. For ultimate performance use MP Antenna technology to further improve connectivity, throughput and network performance on all wireless devices.

M-POLTM Certified is MP Antenna's exclusive assurance that MultiPolarized antenna technology is incorporated into a world class product to provide superior connectivity in real world obstructed environments.

Features

- MultiPolarized
- Obstruction Penetrating Send and Receive
- Enhanced Connectivity and Throughput
- Built In Spatial Diversity
- Excellent F/B (28 dB)
- Light Weight/Low Wind Load
- **M-POLTM** Quality and Performance
- Mounting Hardware Included
- RoHS Compliant
- Weatherproof

Applications

- 2.4 GHz ISM Band Applications
- 802.11b,g,n Wireless Systems
- Point to Point and Multipoint Systems
- Wireless Broadband Systems
- WiFi Access Point, Router, Bridge, CPE
- Building Penetration and High Obstruction Deployments

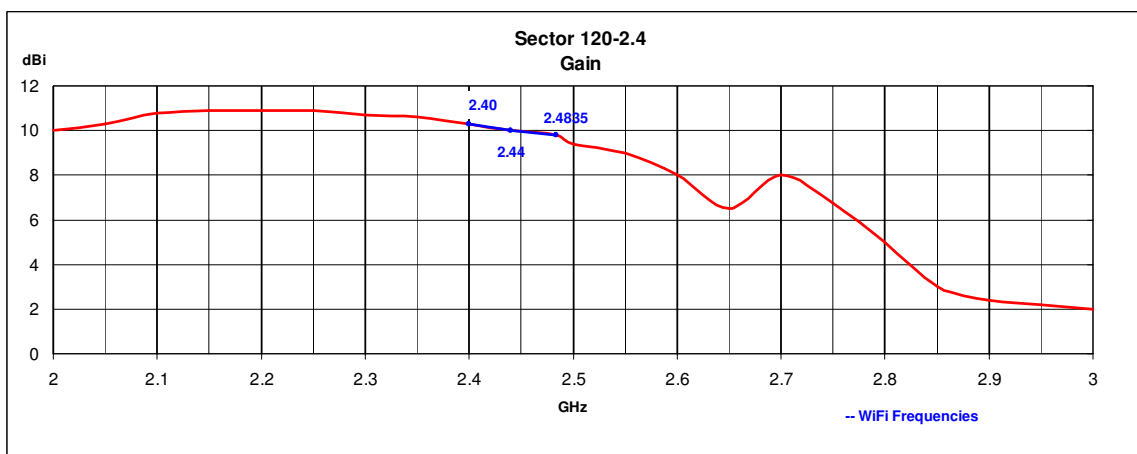

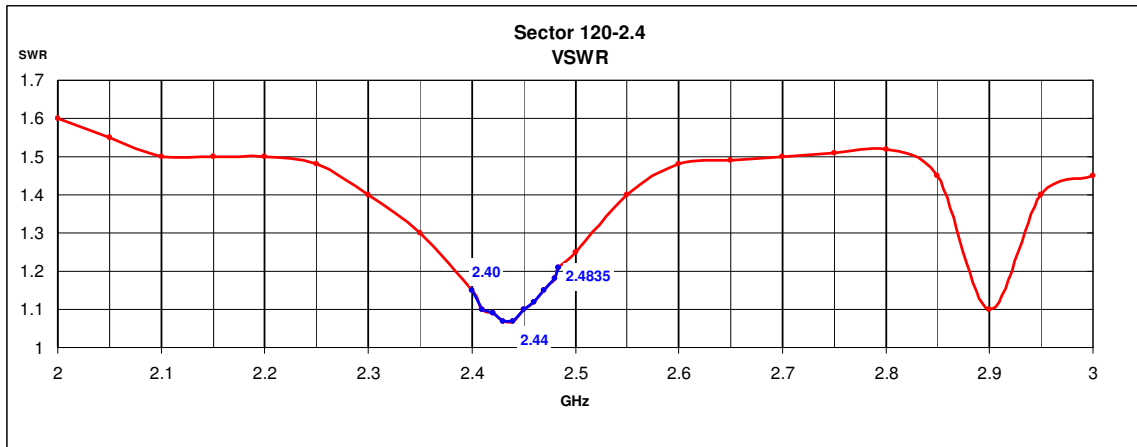

* **MP Antenna** products and technology are protected under United States Patent No. 6,496,152. Other patents pending. Please contact MP Antenna for information about using or licensing **MP Antenna** products or technology. REV: 012510

Sector 120-2.4GHz Data Sheet

MultiPolarized High Gain Directional Antenna

Model No:
08-ANT-0867

Physical Specifications

Width: 11 in
Depth: 6 in
Height: 4 in
Weight: 10 oz
Construction: UV Stabilized Polymers, High Grade Aluminum
Connector: SMA-Female
Mounting: Mast Mount (1¼" → 2¾" Dia)
Wall Mount
Warranty: One year limited.

Typical Performance

Frequency
Range: 2-2.7GHz
Gain: 10dBi*
VSWR: 1:1-1.5:1
Polarization: MultiPolarized
Power: 50 Watts Input
Input: 50 ohms nominal

***With built in spatial and polarization diversity, performance in obstructed environments is greater than that of standard antennas with similar or higher laboratory gains.**

Part Numbers and Available Connectors

Sector 120-2.4 W/ Mast Mount: 08-ANT-0867-MAST
Sector 120-2.4 W/ Wall Mount: 08-ANT-0867-WALL
